

## PRESS RELEASE

### Antony June 12 th 2024 - Adisseo proudly announces the launch of the third edition of its International Research Grant, continuing its commitment to advancing collaborative research in the feed industry.

Building on the success of the previous edition, this Grant will allocate €1 million over the next three years to fund research projects addressing key challenges in animal nutrition. Through this initiative, Adisseo aims to foster international collaboration among leading laboratories and drive innovation in the industry.

The selection process for this Adisseo Research Grant will be overseen by a prestigious Scientific Committee, with academic professors: **Prof. Richard DUCATELLE**, Veterinary Pathology, Ghent University (Belgium), **Prof. Yuming GUO**, Animal Science and Technology, China Agricultural University, Beijing (China), **Prof. Mike KIDD**, Center of Excellence for Poultry Science, University of Arkansas (USA), **Prof Defa LI**, Professor, China Agricultural University, Beijing (China), **Prof. Bruno SILVA**, Professor, UFMG Universidade Federal de Minas Gerais (Brazil), **Dr. Japp VAN MILGEN**, Senior Scientist, INRAe (France) and feed industry representatives : **Dr. Jaume COMA**, Corporate Director for VALL COMPANYS (Spain), **Dr. Carlos KIPPERT**, Technical advisor in Swine for BRF (Brazil), **Dr. Mario PENZ**, Key Account Dir for Cargill (Brazil), **Dr. Ferry POERNAMA**, R&D director for JAPFA (Indonesia), **Dr. Pairat SRICHANA**, R&D Director for CP (Thailand), **Dr. Tom WEBER**, Technical Manager for Kent Nutrition Group (USA).

This committee will rigorously evaluate proposals to ensure that the selected projects align with the grant objectives and have the potential to address complex industry challenges.

For this **3<sup>rd</sup> edition**, the grant will support projects investigating nutritional approaches for monogastric (swine and poultry). All the projects' proposals must justify how they are bringing significant sustainable solution to overcome one of the following challenges of the swine or poultry industry.

- **Addressing the global challenges of climate change**
- **Applying the One Health concept in animal production**

In the previous editions, Adisseo received an overwhelming response, with **over 112 applications**. Thanks to the expertise of our Scientific Committee, 5 projects were chosen as laureates.

This year, the pre-proposal application period is open from **now to September 2<sup>nd</sup>, 2024**. Following a rigorous evaluation process, the pre-selected research projects will be announced on **October 21<sup>st</sup>, 2024**. The full dossier submission deadline is **November 29<sup>th</sup>, 2024**, with the final laureates revealed on **January 20<sup>th</sup>, 2025**.

For more information on the grant, the challenges it aims to address, and how to apply, visit <https://www.adisseo.com/en/adisseo-research-grant-2024/> or contact : [research.grant@adisseo.com](mailto:research.grant@adisseo.com).

Join us in shaping the future of animal nutrition through innovative research and collaboration. Together, we can make a lasting impact on industry

**About Adisseo:** Adisseo is one of the world's leading experts in feed additives. The group relies on its 6 research centers and its production sites based in Europe, USA, China, and Thailand to design, produce, and market nutritional solutions for sustainable animal feed. With more than 2,730 employees, it serves around 4,200 customers in over 110 different countries through its global distribution network. In 2023 Adisseo achieved a turnover of €1.72 billion. Adisseo is one of the main subsidiaries of China National BlueStar, leader in the Chinese chemical industry with nearly 12,520 employees and a turnover of 5.3 billion euros. Adisseo is listed on the Shanghai Stock Exchange since 2015. Corporate website: [www.adisseo.com](http://www.adisseo.com) Media contact: [valerie.barbot@adisseo.com](mailto:valerie.barbot@adisseo.com)
